## 2. Confrontation List

### 1 The Figures

LISTE DE CONFRONTA				
Figurines	P.A	PA Thème	PA C.Spé	PA Total
1.				0
2.				0

 Lines Figurines:

You must give the **Exact** name of the Figure.

Modular Troops: For modular troops, you must indicate in brackets the bonuses used for the whole Tournament.

**Example:** *Brute Orque (+ 2 Strength)*

List Theme: In the case of a Themed army with a Solo on a figurine, indicate in brackets the name of the corresponding Solo the figurine has.

**Example:** *Lithomancer (Solo / Way of the Forges)*

Note: The Figure only has 20 lines which corresponds to the Maximum allowed.

-  PA: Strategic Value in army Points of the figurine. This Value corresponds the one that is indicated on the card of the figurine.
-  PA Theme: Points of General affiliations to a Themed army.
-  PA Capacities: Points Solo of a Thematic Army or Special capacities of the Thematic army.
-  Total PA: protected Cell in writing This cell calculates automatically the sum of the Columns PA + PA Theme + PA Capacities Special.

### 2 The Artefacts, Sorts, Miracles, Aura's, Gesas ...

ATION	
Artefacts, Miracles, Sorts, Auras, Gesas, Nexus	P.A

Must figure in the right framework:

-  The Artefacts.
-  The Nexus.
-  The Miracles.;
-  The Spells.
-  The Aura's.
-  The Gesas.
-  The Treatments.
-  The Consecrations.

- The first column must be informed with the number of the concerned figurine follow by the letters of alphabet.

**Example:** I EQUIP Galhyan (that carries the number 1 of the list of the Figurines) with the following *Rune of minor healing*, *Forges Héliastes* and then *Chain of the Automators*. That gives:

TITRE		
Artefacts, Miracles, Sorts, Auras, Gesas, Nexus		P.A
1.A	Rune de Soins Mineure	4
1.B	Forge des Helliastes	13
1.C	Chaîne des Automates	14

 The Column PA corresponds to the value in PA of the artefacts, miracles, spells etc.

**Special case:** If you associate with a figurine a free special capacities coming from another figurine, you must still put it in the list with the column of the P.A. to 0.

**Example:** I decide to associate Gwenlaen during the whole length of tournament with the Gesa « Mutagenic - 1 from my Kelt druid. I therefore write:

TITRE		
Artefacts, Miracles, Sorts, Auras, Gesas, Nexus		P.A
1.A	Gesa Mutagène - 1	

### 3 Totals:

All the following cells are protected in single reading.

-  The column « Total Figurines » carries out the sum of the PA of all the figurines.
-  The cell « Total Artefacts, Sorts, Miracles... » carries out the sum of the PA of all the artefacts, sorts, miracles etc.
-  The cell « total Value of the Tournament list » carries out the sum of the cells « Total Figurines » and « Total Artefacts, Sorts, Miracles ... ».

**Reminder:** This value do not must surpass 400 PA.
